

# KJV Simple Search Parallel Bible (Website) Introduction

The KJV Simple Search Parallel Bible is a powerful online tool designed to streamline your Bible reading, study, and research. This guide will show you how to get the most out of its key features.

## Key Features and Benefits

- **Clean Interface:** Uncluttered design lets you focus purely on God's Word, free from distractions.
- **KJV-Specific:** Dedicated to the King James Version, providing a focused experience for in-depth study using this beloved translation.
- **Flexible Search:** Find exactly what you need in the Bible using:
  - Complete books (e.g., gal 1/2/3/4/5/6)
  - Complete Chapters (e.g., mark 5)
  - Multiple chapters (e.g., mat 10/5/1/ prov 3/20/8)
  - Single verses (ps 1.1)
  - Navigation shortcuts (Alt+N for forward, Alt+B for back)
  - Verse ranges (e.g., mat 5:1-10)
  - Verse lists (e.g., Matt 13:1-3, 24, 31) ellipses (...)
  - Keyword Searches (with partial word matching)

- Search by Testament (standard/CAPS for nt/OT) or the whole Bible
- Double-click the search button to automatically capitalize your text and limit the search to the Old Testament.
- **Parallel View:** Easily compare passages side-by-side using the "|" symbol. Perfect for comparing verses or exploring a theme across different books (e.g., mat 5:1-7 | jam 2 | rev 3:3-9).
- **KJV Bible verse tagger:** Automatically tags a Bible reference on any website and creates a tooltip. Paste this code into any Bible website or template.

"<script src='https://www.dwogg.org/bible/kjvbibletag.js'> </script>"

- **Google Chrome Extension:**

## KJV Simple Search Bible Bookmarks

Enter book, chapter, verse, words:

Default words are New Testament entering words in CAPITALS will save the Old Testament.

- [JOY OF THE LORD](#)
- [GREAT PEACE](#)
- [pr 2.5](#)
- [gen 1.5](#)
- [jn 3.16](#)
- [pr 1.1](#)
- [jn 3.16](#)

Backup and restore saved passages on this page.

Organize your Bible study with custom bookmarks and reminders. Search for meaningful passages, easily manage your saved passages, and even integrate them into your Chrome browser.

- Find the Bible passage you want to bookmark by entering the book, chapter, or verse into the search field. For example, to find Nehemiah 8:10, you would type "Nehemiah 8:10".
- You can also search for specific words or phrases related to a passage. By default, this search will look within the New Testament. To search the Old Testament, type your search words in all capital letters like "JOY LORD YOUR STRENGTH".
- Once you've found the desired passage, click the "Save Passage" button to save it for later on the page list.

## Deleting Passages

- If you want to delete a bookmark, simply use the "Delete" button next to the desired passage.

## Bookmark Single Passage

- If you want to bookmark a single passage, simply use the "Bookmark" button next to the desired passage.

## Managing Bookmarks (Backup, Restore, Bookmark)

- **Backup:** Protect your saved bookmarks by clicking the "Backup Passages" button. This will download a file containing your bookmark data.
- **Restore:** To upload previously saved passages, click the "Restore Passages" button and select your backup file.
- **Bookmark All Links:** To use these passages directly in your Chrome browser, click "Bookmark All Links". This will put all the links on the page into your browser bookmarks where you can further organize and customize as necessary.

## Accessing the KJV Simple Search Parallel Bible Extension and App.

- **Google Chrome Extension:**
